

The steps of hdf5 installation:

Wengui Zhou (18610351001)
zhouwg@paratera.com

1. `module load mpi/intel/2018.4`
2. `tar -zxvf hdf5-1.10.4.tar.gz` #Unpack the software package , the directory of hdf5-1.10.4 will be produced.
3. `cd hdf5-1.10.4`
4. `./configure CC=/The Path of mpicc/mpicc --enable-parallel --prefix=Your Install directory`
If no error, go next.
5. `make check-p` # If no error, go next.
6. `make install` # Complete.
